

THANK YOU, AURORA UNIVERSITY
Fitness and Health Promotion Department –Physical Education!

Despite threatening weather on Saturday, April 24th, teams of golfers organized by students and staff of Aurora University gathered for a ***Tee-Off for Hased House*** benefit at Fox Bend Golf Course in Oswego. Following dinner, Hased House Executive Director, Ryan Down spoke to the group about the 16 new homeless guests that arrive at Hased's doors each week and how the funds raised through the Outing will help return men, women and children back to independent lives.

Hased House is extremely grateful for the outstanding efforts put forth by adjunct faculty Stephanie Vlach and Rhonda Dart, Professor Alicia Cosky, the students and golfers who braved the weather to help the homeless in our communities.
